

Dear Colleagues:

Welcome to the Opus 2019! It is my pleasure to welcome you on behalf of the Canadian Music Educators' Association to the OMEA annual conference. Congratulations to the conference chairs and the committee for all of their hard work putting together a tremendous slate of diverse workshops, performances and learning opportunities for the teachers of Ontario, in celebration of 100 years. You should all be proud of such a momentous accomplishment.

The CMEA/Acme Board thanks you for all of the important work you do for your students by sharing your passion for music and music education. Having the opportunity to have subject based PD, learn new skills and concepts, and to connect with fellow music educators is the highlight of the year for many of us. Relish this time to renew yourself, connect with colleagues and further enhance your teaching practices.

Have a productive and successful conference,

Donalda Westcott  
President  
Canadian Music Educators' Association/
